Re: (1) Filed Claims of 09/776,498 Application Not All Published; and  
(2) Preliminary Amendment

To the U.S. Patent and Trademark Office,

This letter concerns 2 issues. (1) Not all the claims that I filed in my application were published; and (2) I am filing a preliminary amendment.

First, the claims that I filed for application number 09/776,498 "Method and system to enable, to organize, to facilitate, and to transact communications for a fee or cost utilizing a network such as the internet" were not all included in the published notice. The application was published as Publication No. US-2002-0107697.

Specifically, the last 4 claims (Nos. 17-20) were not included in the published application. These 4 claims were included in my filed application.

Please see the attached clean copy that included all 20 claims and a separate page listing the 4 claims that were not listed.

Second, please accept the attached preliminary amendment.

Please update me on the status of the application and the expected date on which it will be authorized.

Thank You.

Sincerely,  
  
John Jensen
